BLOOD DONATION CAMP IN COLLEGE

Akanksha, Dehradun

Doon Business School, Dehradun had a blood donation camp on 5th march, 2020 in the college premises. On the occasion of women's day blood donation camp was organized in association with the Shri Mahant Indiresch Hospital blood bank. Many students and professors actively participated in this kind act. A team of doctors and nurses with ambulance was provided in the college.

The donors were properly checked and then they were allowed to donate blood. "Blood donation has health

benefits of donating blood include good health and reduced risk of cancer and hemochromatosis. It helps in reducing the risk of damage to liver and pancreas. Donating blood may help in improving cardiovascular health and reducing obesity "as said by the doctors.

Such social work is organized by the social welfare club of the college which looks after all the social issues and gives an opportunity to the students and teachers to be a part of this social cause for the people who are in need

badly. Social work is a profession concerned with helping individuals, families, groups and communities to enhance their individual and collective well-being. It aims to help people develop their skills and their ability to use their resources and those of the community to resolve problems.

This is a great way by which students can be the helping hands to the needy. A life served for others is the best way to contribute to live in this world.

DBS TAKES STRICT MEASURES FOR THE STUDENTS AGAINST CORONA

Akanksha, Dehradun

Doon Business School which is located in Se-laqui, Dehradun has been closed due to the Corona Virus pandemic in the country. College didn't think of anything else before its students who were needed to be rescued as soon as possible and sent back to their homes before this Covid-19 cases counts more in the country. Tie students were asked to book their tickets and leave the college premises by 18th march,2020. It was a strict action taken by the college authorities so that students would get a proper and better care in their hometown or home itself with their families. Students even took this

call seriously and booked their tickets way back to home. The college authorities decided to give online classes to the students as their syllabus should not be pending because the situation and it was even the government's decision that the schools and colleges will be remaining close but shall continue with their online classes. Students were asked to take the out pass from their respective hostel wardens and make a call to their parents in front of the warden so as to make a check the students are going back to their homes and they have informed about the sudden suspension of classes in the college premises.

In view of the prevailing and developing situation arising out of COVID-19, DBS has had several meetings with the stakeholders and has taken the following decisions for the safety of all for the next two weeks (i.e. from 16 March to 29 March). Further plan of action would be communicated to all by 27th March. All students were required to have their systems up and running and have access to ERP/ Moodle and have Zoom installed on their laptop.

Students who are staying in hostel have the option of staying or going to their hometown. The maximum duration allowed to stay in the hostel is till Tues-

day (17 March) end of day. If any student wishes to stay in the hostel beyond that period, that student would have to provide an undertaking from parents that they are aware of the decision of the student and support the same. Basic facilities would be provided in the hostel for the duration of the stay. Please note that as all classes/ tests would be online in the week thereafter, there would be no class/ test in the campus.

As this is an exceptional situation, and there is no previous history, please keep yourself updated as to the safety measures being recommended and inform the authorities in

case you find any symptoms, whether in yourself or any of your colleagues. Your cooperation is essential for us to fight the situation together and ensure the well-being of all of us.

Further, necessary steps would be taken as appropriate and instructions would be shared with you by the Program/ Class coordinators and other DBS functionaries as and when the need arises. Please get in touch with your Program/ Class coordinators in case you require any clarification.

COLLEGE ACTIVITIES SUSPENDED FOR THE COVID-19 PANDEMIC

Akanksha, Dehradun

DBS suspended all its college activities for the corona virus pandemic situation in the country as it is continuously spreading in all the parts of the country. College has been put close until the government announces the next date for the classes to begin. The college used to held DBS Premiere League and Fashion show in the month of march last week. Due to the covid-19 cases arising in the country all the colleges

have been closed due to which students have a great loss in their co-circular and extra-circular activities. The classes are suspended in the college premises and are supposed to be held through the zoom app which is through the online meetings with their faculties.

DBS Premiere league and fashion show is a three day program in which at the day time sports activities are done which includes Badminton, Table Ten-

nis, Pool, Basketball, Football etc all the sports activities are a part of competition. On the third day Fashion show is held in which the inter-courses or the inter-department competition in the college. Best attires best walk and the best theme wins the competition. The sense of fashion is checked and how gracefully they can carry out the task and walk. Fashion also alludes to the way in which things are made;

to fashion something is to make it in a particular form. Most commonly, fashion is defined as the prevailing style of dress or behaviour at any given time, with the strong implication that fashion is characterized by change.

Though there is a lot of sadness among the students as it was a time for them to show case their talents but as the country is fighting against such a situations little sacrifices are much needed right

now.

Students will be getting another chance to take part in the competition in the upcoming days. We need to wish and pray for the welfare and good health for the students staff and all the people in the world who are facing this deadly disease.

WOMEN’S OF THE NEW SOCIETY

Akanksha, Dehradun

Today, as we are growing into a new modernized world when we have new gadgets, new equipment, new technology, easy machinery ,better lifestyle where everything is easily available with just one click on the mobile phone. As we say, slow and steady wins the race same is the condition of our society where the women’s are coming up slowly to get a proper image in the society but the day is still far away for the women’s to get a proper image and the deserved respect given to them. We believe in equality i.e. each for equal

which means there is no difference between the men and women. The women’s are the roots of the society. They are the true inspirations who could do all the works assigned to them whether it is giving birth to a child, to working as teachers flying an airplane or working for the armed forces running a home to running the world women are superpowerful. In today’s world women are not lacking behind in anything they do household work run a company travel in public meet people work as politicians, also as a social worker and many more countless things.

The women of today’s era just wish to get some appreciation and respect in this world where men’s are more privileged than them. We talk about equality but until and unless they are given the respect and gratitude towards their work they won’t be able to show case their real talents in this world. Women are the soul of a nation, life without women is impossible. women are role models. they are true human beings. its 21st century and now they deserve the love and respect from the educated men in our society.

CORONA VIRUS AND ITS IMPACTS

Akanksha,Dehradun

Corona has taken complete charge all around the world. Corona also named as Covid-19 virus began from a city named Wuhan in China. This disease is widely spreading all around the world. China reported about this virus to World Health Organization on 31st

December,2019. Suddenly, this virus covered all over China. Coronaviruses are a large family of viruses. Some coronaviruses cause cold-like illnesses in people, while others cause illness in certain types of animals, such as cattle, camels, and bats.

Some coronaviruses, such as canine and feline coronaviruses, only infect animals and do not infect humans. Some cause illness in people and others cause illness in certain types of animals. Coronaviruses that infect animals can become able to infect people, but this is rare. It is unknown the exact source of the current outbreak of coronavirus disease 2019 (3COVID-19). In January and February, industrial output fell by 13.5% from the same period a year earlier, the weakest reading since January 1990 — when Reuters' record began Retail sales in January and February shrank 20.5%

from a year ago, compared with a 8% growth in December as fearful consumers avoided crowded places like malls, restaurants and cinemas. The economy in China came to a standstill starting in late January as the government locked down cities and implemented quarantines to contain the spread of the coronavirus disease, formally known as COVID-19. Colleges in India are being shut down, all the schools and colleges have been closed due to the covid-19 spreading in India. Hence,our college Doon Business School has also asked to vacate the college hostels by 18th march,2020. College is

providing online classes to the students and even providing them attendance. Online exams will be conducted as per taking the safety measures only online classes, notes will be provided.
